EXPERIENCE

Dev Bootcamp (Graduate) – Austin TX

Web Developer   *Aug 2016 - Dec 2016*

Dev Bootcamp is a 19-week intensive training program for web developer rooted in learning full stack development skills and empathetic team cooperation. 50+/hrs per week.

Federated Media – Austin TX

Sales Operations Analyst   *Jul 2014 - Jul 2016*

Collaborated with engineering, sales and finance teams to complete Salesforce migrations and streamline operations during three acquisition and one mergers.

- Worked with engineering, sales teams and management to implement custom CRM dashboards providing sales reps additional insights, resulting in increased sales activity.
- Oversaw all Salesforce functionality, reporting and data requests across four organizations.
- Executed the successful migration of multiple Salesforce instances after acquisitions.
- Maintained weekly, monthly and quarterly performance and forecasting reports for AEs.
- Monitored all Salesforce request for 100+ users and four organizations.
- Streamlined sales leads process resulting in immediate $30k savings.

General Atomics Aeronautical Systems – San Diego CA

Accountant I   *Dec 2011 - May 2014*

Played an active role in the company's migration, testing and implementation of SAP while completing various routine accounting responsibilities.

County of San Diego – San Diego CA

Financial Analyst (Intern)   *Jan 2010 - Aug 2011*

Provided cost analysis on government debt issuance on 50+ RFPs for multi-million dollar projects. Meticulously analyzed cost of risk and the importance of leveraging debt and equity.
